CHILDREN FED BREAKFAST AND LUNCH DAILY BY NIA CHILDREN'S FOUNDATION

Shezmin Madhani, National Account Manager at Bunzl Catering Supplies runs a charity called Nia Children's Foundation. The Foundation works with local suppliers to provide food supplies and educational materials to schools in some of Kenya's poorest slums. This ensures that children attend school and receive regular meals enabling them to become healthier and more focused in class.

Due to COVID-19, schools in Kenya are currently closed, so the Foundation has sent 1,600 food packages directly to the children's homes. These packages contain vital weekly food supplies, including 5kg of rice and 5kg of beans, giving the children and their families a fighting chance to stay well-nourished in these difficult times.

“

This pandemic has hit the poorest hardest and we want to ensure that the kids and their families still have basic food to get through the weeks. Bunzl Catering Supplies' continuing support has been invaluable.”
